

Executive Summary

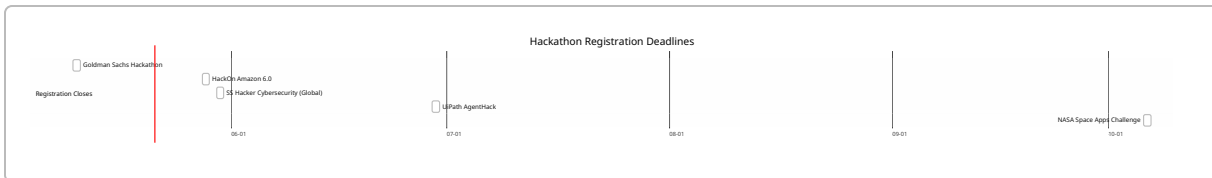

We identified **10 upcoming hackathons** (national, state, university and industry-level) that welcome MCA (Master of Computer Applications) students. We confirmed details from official sources (event websites, organizers, career portals) and noted eligibility explicitly. Key highlights: **Smart India Hackathon 2026** (national, broad tech problems, open to all college students ¹), **HackOn with Amazon 6.0** (India-wide, online 48-hour hackathon, open to B.Tech/M.Tech/MCA **[26†L374-L379]**, registration by 28 May), **Goldman Sachs India Hackathon 2026** (CS/Quant hackathon, engineering students only ², reg closed 10 May), **Smart Horizon 2026** (NHCE Bangalore, 48h “Silver Jubilee” hackathon, prize ₹23.75 Lakh ³, reg ₹500/team), **HackPrix Season 3** (Hyderabad, 36h in-person, prize ~\$3,000 ⁴), **NMIT Hacks 2026** (Bengaluru, 48h on-campus, open to all students ⁵, prizes ₹50k/₹30k/₹20k ⁶), **HackIndia AI & DeepTech (ABES)** (Ghaziabad, 1-day AI/deeptech hackathon on May 13, prize 40,000 Sharp Tokens ⁷), **UiPath AgentHack 2026** (global online hackathon, \$50,000 prize ⁸, open to students worldwide), and **NASA Space Apps Challenge 2026** (global, Oct 5–6, hybrid event on Earth/space themes ⁹ ¹⁰). For each we list organizing body, eligibility (noting MCA where applicable), dates/deadlines, format, prizes, fees, themes, and prep tips. Below is a comparison table and timeline of key registration deadlines.

Hackathon	Level	Dates / Reg Deadline	Location (mode)	Eligibility	Registration (site)
Smart India Hackathon 2026 ¹	National (govt)	2026 (dates TBD) / (unspecified)	Hybrid (venues across India)	All college students (engineering, management, etc) ¹¹ (MCA eligible)	sih.gov.in (official) ¹¹
HackOn with Amazon 6.0 [26†L374-L379]	Industry (national)	Reg by 28 May 2026 ¹² ; Hackathon 13–14 Jun 2026	Online (grand finale online)	B.Tech/ M.Tech/MCA (2027/28 batch) [26†L374-L379] , teams 2–3	Unstop page ¹³
Goldman Sachs India Hackathon 2026 ²	Industry (national)	Reg: Apr 22 – May 10, 2026 ¹⁴ ; Hackathon: May 23–24, 2026	Online	Engineering students only (graduating '27/'28) ² (MCA <i>not</i> eligible)	HackerRank ¹⁴

Hackathon	Level	Dates / Reg Deadline	Location (mode)	Eligibility	Registration (site)
Smart Horizon 2026 ³	College (state/ international)	Sep 3–5, 2026 (Hackathon); Reg: ongoing (₹500/team) ¹⁵	In-person, NHCE Bangalore	College students (all disciplines, international teams allowed)	NHCE Registration ³
HackPrix Season 3 ⁴	College/Tech fest	Jun 13–14, 2026 (Hackathon)	In-person, Lords Institute Hyderabad	All students (no specified restriction)	Devfolio (Register Now) ⁴
NMIT Hacks 2026 ¹⁶ ⁶	College (national)	May 8–10, 2026 (Hackathon)	In-person, Nitte University Bengaluru	All students welcome (any branch) ⁵ (MCA eligible)	NMIT Hacks site (info/ registration) ¹⁶
HackIndia AI & DeepTech (ABES) ⁷	University (regional)	May 13, 2026	In-person, ABES Engg. College Ghaziabad	All student innovators (hosted by MCA dept)	HackIndia (register via HackIndia portal) ⁷
UiPath AgentHack 2026 ⁸	Industry (global)	Reg by June 29, 2026 ¹⁷ ⁸ (7-week hackathon)	Online	Developers, students, professionals (open age)	Devpost ⁸
NASA Space Apps 2026 ⁹ ¹⁰	International	Oct 5–6, 2026 (Hackathon); Reg ~late July–Oct 2026	Hybrid (in-person local events + online)	Open to all (teams or solo; minors need guardian)	spaceappschallenge.org ¹⁸

Notes: SIH 2026 is sponsored by India's Ministry of Education/AICTE ¹ ; problems cover IoT, AI, sustainability, etc. HackOn Amazon covers software, AI/ML, cloud and GenAI (48h format) ¹² . Goldman's hackathon is CS/Quant coding (individual 12h challenge) ² . Smart Horizon's themes include AI for social good, sustainability, smart cities, defense, fintech, etc ¹⁹ . HackPrix's theme is general "Build for better" (prize pool \$3000 ⁴). NMIT Hacks had tracks in Game Dev, IoT, AI/ML, Blockchain/Cybersec ⁵ ; free to enter ⁵ . HackIndia ABES focuses on AI & DeepTech innovation ⁷ . UiPath AgentHack has 3 tracks (Maestro Case/BPMN/Test Cloud) for building AI agentic solutions ⁸ . NASA Space Apps features Earth/ space science challenges (e.g. data visualization, apps) ⁹ .

Preparation Tips: Review relevant technologies (e.g. practice DSA and AI for coding hackathons); form multidisciplinary teams; study sample problem statements from past editions; attend preparatory webinars (if any); ensure required tools (e.g. laptops, IDEs, internet). For example, practice AWS/Git for Amazon's event, brush up algorithmic coding for Goldman Sachs, and explore NASA's data sets for Space Apps. See each hackathon site for specifics.

Sources: Authoritative event pages and organizer releases have been used. For example, the Goldman Sachs site provides hackathon details (dates, eligibility) ¹⁴ ²⁰, NHCE's site gives Smart Horizon's prize and dates ³, the hackprix page shows prize and schedule ⁴ ²¹, etc. Registration links point to official sign-up pages as noted. All info is current as of May 2026.
